

...is a proud supporter of

Smart Balloon Practices

Every industry has its standards and the party industry is no exception. We choose to meet and exceed those standards by guaranteeing happy customers and also by following **Smart Balloon Practices**:

- Selling balloons secured to a weight.
- Not releasing foil balloons into the air.
- Encouraging others to supervise young children's play with balloons.
- Popping and disposing of old balloons properly.

Our partner in
consumer advocacy:
