40%
RECYCLED 
MATERIAL

At Betallic, we are constantly striving towards innovation. Whether it be original designs, jaw-dropping shapes, or new trends and colors, our goal is to lead the balloon industry into the future.

With that in mind, we are excited to announce that starting in 2024, Betallic's 18" balloons will be made with 40% recycled materials.

We believe this represents a giant leap forward for our company, our customers, and our industry.

Betallic is thrilled to significantly reduce the environmental impact of our foil balloons without sacrificing any of the quality and float time that you expect from our balloons.

We hope you will join us as we push our industry towards a more sustainable future.
